

Basic knowledge of occupational safety and health

1. Order of access

- Access to the premises of the firm is provided by the reception.
- Visitors are only allowed to enter the factory premises if accompanied by an employee of Knipl Kft.
- The use of the required personal protective equipment is mandatory when entering the halls (see point 4).

2. Hazards in the area

- There is a risk of falling objects on the premises of the Kft.
- There is a risk of collisions and hits due to the movement of vehicles and machinery.
- Different building levels, stairs, fall hazards.
- There is a constant risk of falling or tripping.

3. Key territorial requirements

- It is strictly forbidden to be under the influence of alcohol or drugs or to be in possession of them.
- Smoking is allowed on the premises of the Kft. only in designated areas.
- Do not stay under the lifted load!
- All visitors must cooperate with the managers and attendants of Knipl Kft.
- During a tour, participants may not arbitrarily leave their attendant.
- For pedestrian traffic, drive on the side of the road, close to the walls of buildings.
- Be extra vigilant about the movement of lifting equipment.
- Where vehicles have the right of way (roadway, loading bays, hall gates), pedestrians must not obstruct or interfere with their traffic.
- Always be alert and vigilant!

4. Personal protective equipment required

- In the halls, the use of safety shoes or boots with toe protection is compulsory, even for visitors.

5. What to do in the event of an accident/danger

- Follow the instructions of Knipl Kft. employees and managers in case of an emergency!
- In the event of a fire or emergency, exit the building via the shortest route, the exit.
- Fire extinguishing, disconnection of electricity and gas shut-off are carried out by the staff of Knipl Kft.
- Emergency phone number: 112.
- If you have an accident, report the injury to the contact person. The staff in charge will provide you with first aid. First aid equipment is available and marked in the halls:
- The injured person, if in a mobile condition, should be taken to a first aid station in the area and treated. A stretcher is available at the reception.

6. Clarifying legal issues

- You may enter the Knipl Kft. premises only with prior notification, at a previously agreed time, under the supervision of the receptionist or an escort, at your own risk, i.e. Knipl Kft. does not assume any financial or criminal liability for any adverse consequences that may occur to the visitor/customer on the premises.
